1 Introduction

This document summarises all enhancement, and change request and remedial work included within the referenced release.

The intended audience is the PPL user community.

2 Release Summary

2.1 MI Extract Enhancements

2.1.1 Organisation Stamps

Broker super users can now run the Organisation Stamps MI extract against a subset of the teams within their company.

2.1.2 User Configuration

Users can now choose for this extract to be formatted such that there is a single row for each user/team. The option for teams to be concatenated in a single row per user remains the default.

2.2 Bug Fixes

The following bugs have been fixed as part of this release.

2.2.1 Bugs 142926/176515

The Firm Order MI extract was failing for companies with more than 1,000 users.

2.2.2 Bug 153399

Users were unable to log into the platform if their username contained special characters and had been copied and pasted.

2.2.3 Bug 170560

Users were able to enter numbers and capital letters in the Memorable Word field on the Login screen.

2.2.4 Bug 177180

When an Endorsement was agreed by an Underwriter that it was not originally sent to, the original Underwriter's name appeared on the signed Endorsement sheet.

2.2.5 Bug 178596

Some users were unable to set up a Memorable Word on the Login screen where both memorable Word and Passcode had already been set for their company.

2.2.6 Bug 180272

In some circumstances, Leaders were unable to accept resubmitted Endorsements.
